

INSTITUTIONAL

West Hernando Branch Library
BROOKSVILLE

The project consists of remodeling of a 6,500 sq. ft. branch library and a 7,700 sq. ft. addition of a large room and administrative offices. State of the art lighting, electrical distribution and shelving systems were incorporated. Reliable Group, Inc. coordinated with School Board representatives in developing the project's scope as it increased from \$1.6 million to \$5 million and then from \$5 million to 6.25 million.

Hudson Regional Library
HUDSON

The Hudson Regional Library in Pasco County is a 32,640 square foot facility, which also functions as administrative headquarters for the Pasco County government library system. The construction consists of a simple steel frame, a brick cavity wall system and a combination of flat and sloped metal roofs. This is a new Art Deco style reminiscent of 1930 governmental and industrial construction of central Florida.
