RGA has experience with all different construction techniques pre-engineered frames, construction steel, masonry, and tilt slab construction. We will prescribe a non-proprietary solution to bold building needs.

Our interior design team creates innovative alternatives for office renovation and design. Fully staffed by planners, architects, and interior designers, we provide our clients with optimal layouts and finishes that maximize value as well emphasizing an ideal living environment.

RGA has specialized in market-rate multi-family residential design for over 25 years, with operations in both Florida and Tennessee.

“OUR CLIENTS ARE OUR
PARTNERS IN PROGRESS.”

**The Quay
ST. PETERSBURG**

We are sensitive to cost implications of each design feature, and believe that our design approach adds value to the improvements, which translates into higher lease rates.
